U.P. INTEGRATED SCHOOL

27 May 2015

TO: All Faculty, REPS, Staff, Students, and Parents (Kinder to Grade 12)

FROM: RONALDO M. SAN JOSE
Principal

SUBJECT: REVISED UPIS ACADEMIC CALENDAR in AY 2015-2016

This is to inform you that classes for AY 2015-2016 start on Tuesday, June 16.

It was announced in a memorandum dated May 19, 2015 that the school opening is on June 4. However, the UPIS Executive Committee and Faculty decided to postpone the start of classes for the following reasons:

1. UPIS awaits the installation of a permanent power supply to fully implement its programs. Based on the updates from Ayala Land Inc. thru Mr. Kevin Espina, they already have the building permit, fire safety inspection certificate, locational clearance, sanitary permit, electrical/wiring permit, electrical inspection certificate, and materials test result. They are working on a few other requirements. These are the necessary documents for release of the occupancy permit which is needed by Meralco to install a permanent power supply.

2. Postponement of opening of classes will allow enough time to prepare the school physically for students' use (e.g. rehabilitation of the 7-12 Canteen is ongoing while the installation of fencing at Quirino Street and K-2 Faculty room will be completed by the first week of June 2015).

Attached is the REVISED Academic Calendar for AY 2015-2015. Please be guided accordingly.

Thank you.
